VICTORY INDUSTRIAL CORPORATION

TAIWAN'S PREMIER MICROWAVE ANTENNA AND PASSIVE COMPONENT RESEARCH, DESIGN AND MANUFACTURING FACILITY

- Low price and high volume production due to die-casting specialization – with no loss in performance!
- Extensive experience in precision machining and precision casting.
- High performance products from State-of-the-Art facilities.
- Short prototype turnaround time due to extensive vertical integration of testing facilities.
- Engineering department with all doctorates and masters degrees in electrical engineering.
- ISO 9001 Certified.
